Valentine Chapman, who was sent to this

gave him out as beyond the reach of the healing
art. Having heard of the astonishing effects
of your Compound Syrup of Wild Cherry in curing 'oughs, Colds, Consumption, Difficulty of Breathing, pair and soreness of ing, pain and soreness of the Breast, Asthma, Whooping cough, Bronchitis, and all

diseases of the Breast and Lungs, I concluded to get a bottle at my own expense, which gave some relief, being
encouraged from that circumstance, I followed it up until
a serfect cure was performed, and the man resurned to
his daily labors.

THE PICTORIAL HISTORY OF THE UNITED

W ITH NOTICES of other portions of America, by S. G. Goodrich, author of Peter Parley's Tales, for the use of schools. The main purpose of the work is to furnish a full, accurate, and just history of the Western Continent, which may attract and render this subject a common school study throughout the land. While, therefore, it is full, in point of matter, it is so arranged as to be easily mastered by the pupil, and without excessive demands upon the attention of the teacher. It will be remarked that the work is largely illustrated with engravings of scenes and in eidents, together with port aits, plans, and maps, designed to convey correct ideas of men and things, and at the same time taking care that the history shall be studied with accurate geographical notions.

COAL! COAL!! COAL!!!

PATENT OFFICE, May 31, 1844.

Gentlemen: The Coal that you furnished for the Patent Office during this last spring proved very excellent; and I used the same kind which was delivered at my house. It proved in both cases highly satisfactory.

Mesers. J. Pettisone & Co., Washington.

OFFICE SECRETARY SENATE, June 1, 1844.

Mesers Petitione & Co. furnished a small quantity of Coal for the furnaces of the north portion of the Capitol, and it was reported to be of a good quality. They also furnished at a reasonable price for my own private use, during the last winter, several tone of the same kind of Coal, and I was entirely satisfied with it, finding but little dust from its use, and but little else remaining than ashes, there being scarcely any clinker left. W. HICKEY.

Washington, June 25th, 1844.

Gentlemen: Having used your Coal, I can cheerfully recommend it as being of superior quality for easy ignition and culinary purposes.
